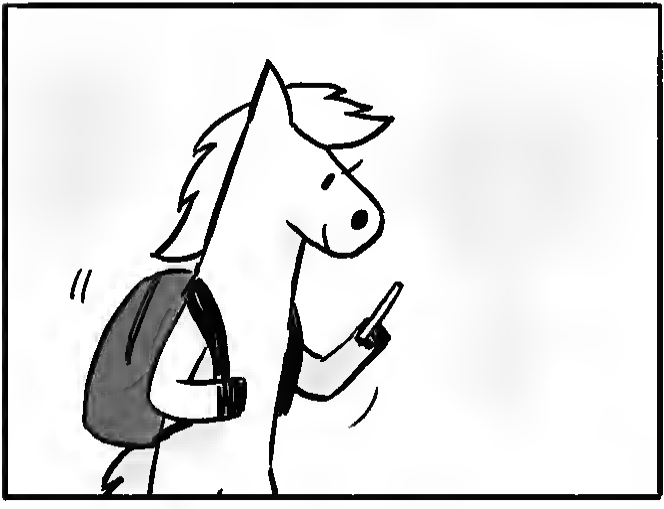
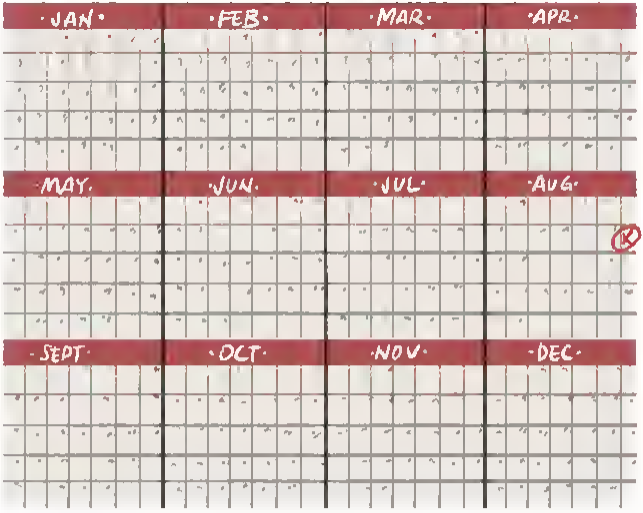
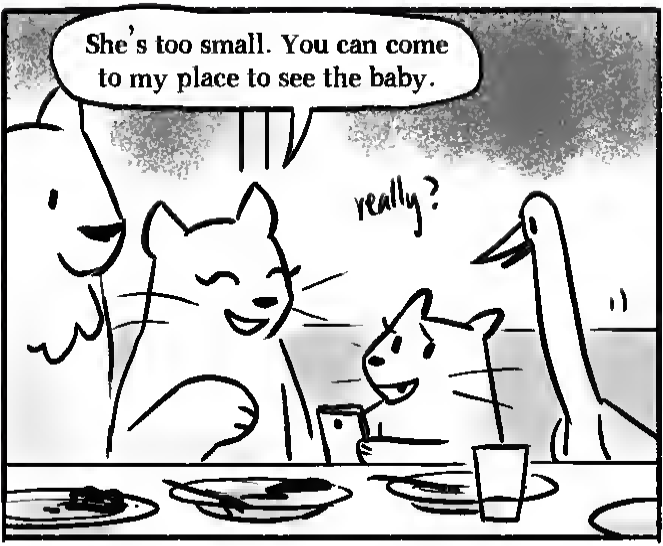
ROAR STREET JOURNAL



Now we meet up once a year.





We are all living very different lives now.

We used to see each other 5 days a week.

Some even become parents.

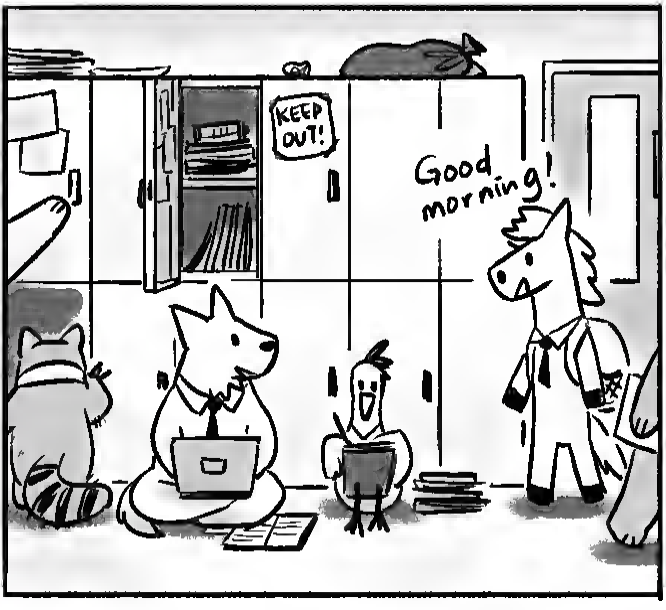
Coming over by metro!
Sorry gotta be late 15mins
Where is the place?
We can finally arrange a reunion!
It's really difficult for all of us to be free nowadays.

I applied for an exchange program!
Cool, I got internship this summer
Wow!
I hope I won't become a starving artist haha
I'm going on a trip with my boyfriend!

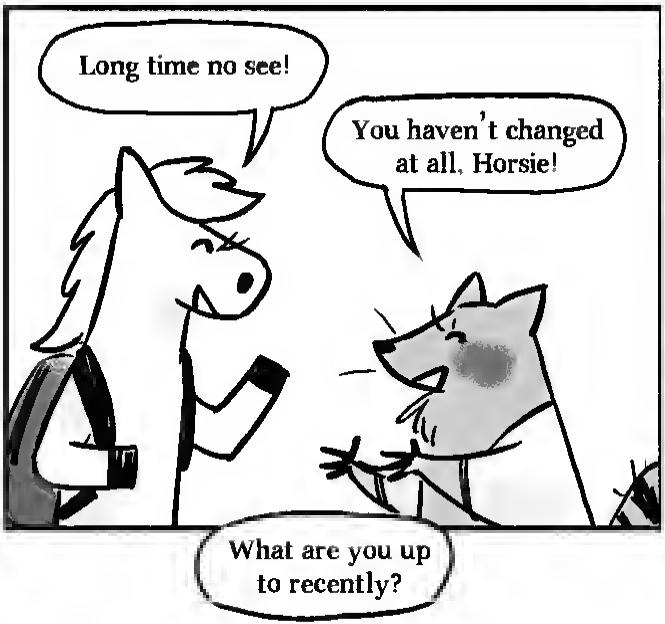
Some got married.

Most began to work in different professions.

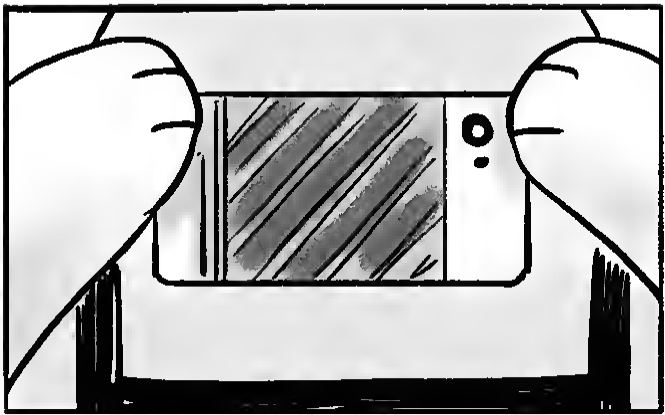


We wore the same uniform, attended the same classes, and ate the same lunch at school.

...which didn't taste very nice.



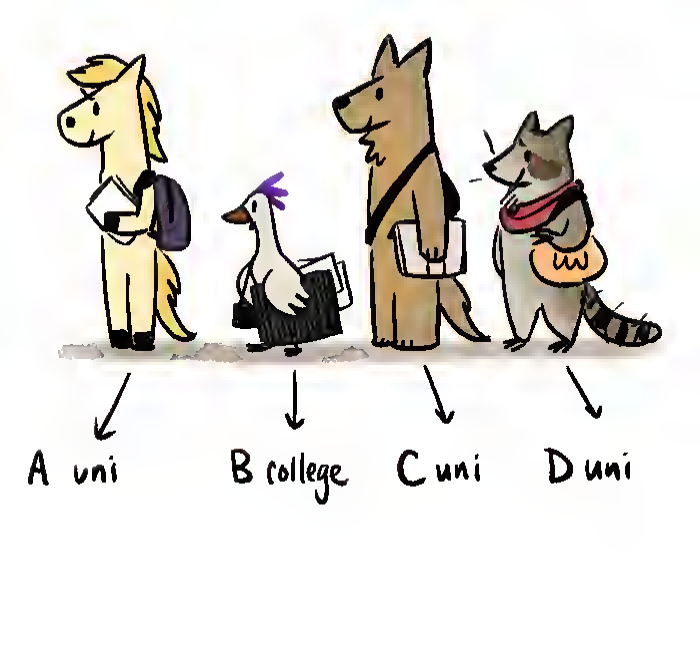
Some friends went for further studies.



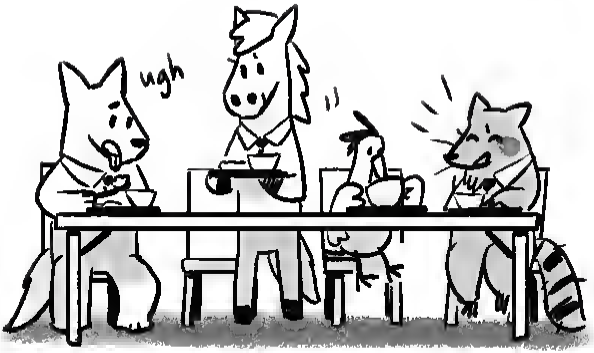
We are getting married next year!
Congrats!
Woohoo!
Our second couple!
What about you Horsie?
I'm still in the single club, haha!

Then, we went to study in universities and

see each other several times a year.



A uni
B college
C uni
D uni



We only think about what to play

when class ends everyday.

For all my friends who are now
pursuing different paths of life

I will treasure the time I spend with all my friends.

Hey Horsie!

Back in our school days,

we used to see each other every day.

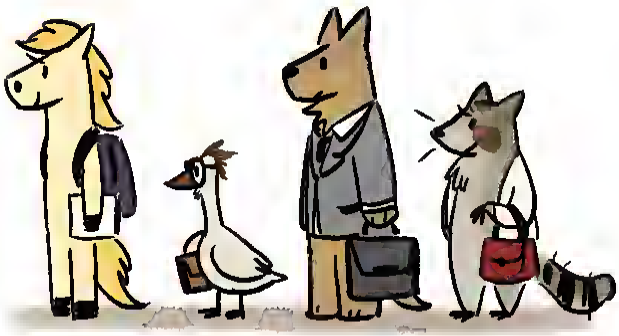
BIG HORN
SECONDARY SCHOOL

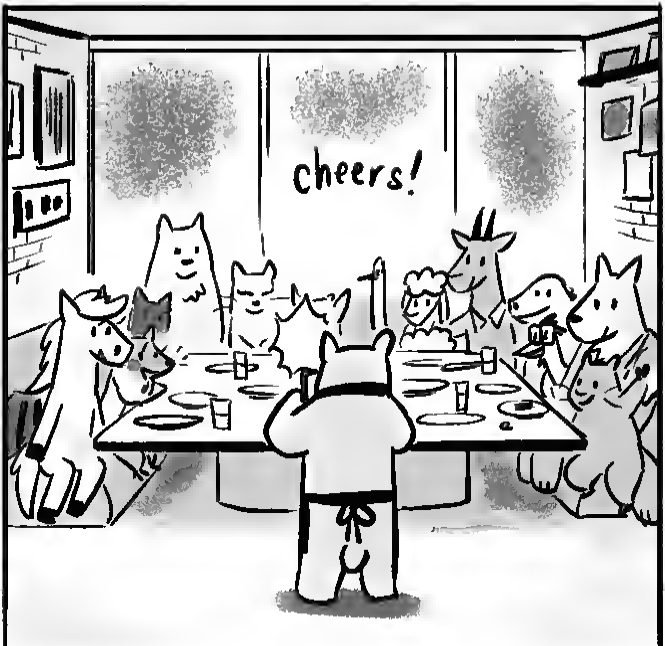
We started to think about the future and our career.

After we graduate,

we see each other much less often,

sometimes once a year at reunions.





cheers!

We studied different majors, made different friends, and experienced different university lives.

If we hold a reunion gathering every year for the next 50 years, we might only see each other about 50 more times in our lives.

...Wow.
